

3 P's in a Pod Mystery

(Pink, Peach, Purple)

Lap – 60" x 77"
Queen – 86" x 103"

This quilt is pretty & feminine.

Fabric: I chose a dark background. Light will also be fine. There are 3 Background fabrics. #1 is lighter than #2. #3 is fairly similar in value to #1, and you could use Background #1 as Background #3, if you'd prefer. Keep the Backgrounds as background. They don't need to be as plain as a tone on tone, but don't let them become overpowering. The binding is included in the yardage.

The Greens. These NEED to be Green. I'd suggest not playing with a different color in these positions. Let Green 1 be the lightest. It needs to be noticeably different from Green 2. Green 3 should be a bit different than the others. Green 4 can be similar to Green 2 in value. Actually, Green 4 happened because I ran out of Green 2! So, you could certainly combine the yardage of Green 2 and Green 4.

The 3 P's - Pink, Peach & Purple. You may change these to colors of your choice. Just be certain they will stand alone next to your Background, and next to the Greens. You will need two values of each. #1 is lighter than #2.

If you've selected a light Background, then your 3 P's are medium and dark --- not light! If you've selected a dark Background, your 3 P's are light and medium - not dark. Same with the Greens. Get good value separation between your colors and your Backgrounds.

There are 2 sizes offered – a Large Lap and Queen. The yardage for each is shown in parenthesis (Lap,Queen).
